## SmartIDentity

You are now covered with a comprehensive Fully Managed Recovery and Restoration Benefit, which protects you and your family from the devastating effects of Identity Theft!

SmartIDentity is a complete identity recovery solution that helps protect you and your eligible family members from any form of identity theft.

### INDUSTRY LEADING RECOVERY

Identity theft can strike at any time. But you are now covered, so you can rest easy knowing you and your family members are protected with SmartIDentity.

In the event of ID theft, you or your qualified family member will receive one-on-one attention from an experienced, certified, US-based Recovery Advocate. The RA will manage the entire recovery process from start to finish, working with affected agencies including:

- Law enforcement
- Credit bureaus
- Banks and creditors
- DMV
- Social Security Administration

#### Who is eligible for the 3G recovery services?

Fully Managed Identity Fraud Research, Remediation and Recovery services extend to three generations of a family. A qualifying family member shall mean the primary consumer's spouse or domestic partner, the consumer's dependents under the age of 25 who have the same permanent address as the consumer, any IRS-qualified dependents, and parents (mother or father) of the consumer who have the same permanent address as the consumer, or, who are registered in a senior assisted living facility, nursing home, or hospice. Services continue to provide coverage for up to 12 months after death for all covered members.

If, for any reason, you or an eligible member of your family (3G coverage) are a victim or believe you have been a victim of identity theft within the term of the program, a professional Recovery Advocate will manage your recovery process to help restore your name and credit to pre-event status. The Recovery Advocate will handle the phone calls, paperwork and the follow-up on your behalf.

Once you report an identity theft, you will be assigned your own Recovery Advocate who will document your case and perform the necessary actions to recover your name and credit history to pre-event status.

All you need to do is call our Recovery Care Center at:

**1.866.SMART68 (1.866.762.7868)**

## WHY SMARTIDENTITY

In 2016, cyber-crime, for the first time ever, eclipsed all traditional forms of crime, now representing 60% of all crime in the U.S.

In addition, **15.4 million** Americans were victims of ID Theft in 2016, which was the highest rate of ID Theft victims in recorded history! This represents an American will fall victim to ID Theft every 4 seconds, or approximately 15 ID Theft victims just in the time it took you to read this brochure.

### Fast Facts:

- \* It is estimated that cyber-crime will cost businesses \$8 Trillion by 2022
- \* Healthcare Breaches hit all-time high in 2016 with 328 U.S. healthcare data breaches
- \* The average per capita cost of data breach was \$225 per lost or stolen record

With criminals staying one step ahead of business security measures and law enforcement, ID Theft has become a fact of life.

SmartIDentity provides a certified Personal Recovery Advocate in the event of identity theft. Recovery Advocates manage everything from the moment an employee reports an event to full recovery and restoration, until the issue is completely resolved.

## RECOVERY IS OUR PRIORITY

If you experience ID theft, you will work directly with one of our US-based recovery experts, all of whom are licensed private investigators with an average of 19 years of experience. No impersonal call center, no explaining the situation over and over—just expert one-on-one assistance from the most highly-trained and certified experts in the industry.

The Personal Recovery Advocate will champion your recovery,\* saving endless hours by managing the entire recovery process directly. From working with law enforcement to contacting banks, creditors, DMV, Social Security Administration and more, you can rest assured we're working hard to restore your life.

**YOU HAVE MORE IMPORTANT THINGS TO WORRY ABOUT THAN IDENTITY THEFT  
RECOVERY. CONTACT YOUR HUMAN RESOURCE REPRESENTATIVE TO LEARN MORE.**

**Think you might be a victim of identity theft?**

**Call SmartIDentity immediately: 1.866.SMART68 (1.866.762.7868)**

\*Dependent upon granting of Limited Power of Attorney (LPOA) to your Advocate. LPOA allows the Recovery Advocate to work on the victim's behalf to perform all tasks. The LPOA is limited to the activity of disputing and reversing documented fraud. Without LPOA, the Recovery Advocate will work hand-in-hand with the victim to assist with the recovery. While we have never had anyone refuse LPOA, it is each consumer's choice whether or not to use this benefit.
